The Mason LINE

by Chan Mason

We recently asked our assemblyman, Sheridan Hegland, to find out from the Division of Fairs and Expositions why they denied our 4H and Future Farmers Clubs permission to show their exhibits for five days instead of the full 13 days as now required at the Del Mar County Fair. We reproduce herewith the answer received from that august body:

Mr. Channing Mason,
Dear sir:

Your inquiry made to Assemblyman Sheridan Hegland regarding the so-called "split" F. F. A. and 4H fair proposed for the Southern California Exposition and the San Diego County Fair, has been referred to this office for reply.

This division and individual fairs have been criticized for permitting certain exhibitors or groups of exhibitors to show for only a portion of the time, whereas other exhibitors and or exhibitors at other fairs are required to keep exhibits on the fairgrounds for the duration of the fair. In view of this criticism which has been received from other exhibitors and the general public, this Division has allowed split junior shows for those fairs which operate nine or more days only.

1. When the fair is operating while school is in session, or

2. When the facilities available on the fairgrounds are adequate to house either the F. F. A. group of the 4H Club group, but not both at one time.

Since neither of these situations are applicable to the Del Mar Fair, and no other extenuating circumstances seem to indicate any necessity for a "split" show, we had informed the 22nd District Board that all exhibits should remain on display for the duration of the 1955 fair.

We trust that this information will clarify our position in this matter.

Very truly yours,
A. E. Snyder, Chief
Division of Fairs and Expositions.

—ML—

Yes, Mr. Snyder, the information does clarify the position taken by your department. It penalizes some of our finest young citizens. A large percentage of these boys must work during the summer and of course they will be handicapped in finding jobs if they are forced to spend two weeks at the start of their vacations showing their stock at the Fair. There is also the matter of additional expense, something the larger commercial exhibitors are not concerned about (it's a tax deductable item.)

It is probably too late for the clubs to do anything about it this year, but if they should decide to stage their own fair in the future (and our guess is they would receive considerable help in such a venture), we would suggest you consider revising the title of your department to conform more to the true nature of its work, "Division of Commercial Exhibitions and Carnivals" would be appropriate, we think.

Polio Fund Rises Above $2,000 As Reports Begin to Come in

They came, they saw, they collected!

That's the story of the Lemon Grove polio fund fiesta held in "our town" last Saturday.

Hundreds of motorists contributed change and currency to get past a road blockade set up on Broadway. This event was handled capably by the Lions Club and at day's end many of the members were drooping from the weight of the pots which they cajoled motorists to fill. In all, 84 pounds of money was carried away by this device.

The pie-pushing event got off to a fast start with fund vice-chairman Forrest Dokken taking a custard meringue pie full in the face for a $5 bid. High bid went on the editor of the Review for whom "admirers" paid $45 for the purpose of hitting him with two pies. Judge Luther Hussey took second honors by catching two fruit pies for a total of $25. Sheriff Willard Rigley, Henry Goldy, chairman of the polio drive, and the old gladiator, Red O'Malley, also absorbed bakery goods in varying amounts for varying bids. One hundred and seventy five dollars was dragged in on this event.

A slave market, originally scheduled at the same time as the pie affair did not materialize although Jim Pearce and Dr. Frank McKenney came prepared to sacrifice themselves.

A series of events held at Kemp Kampton's Sportsman's Club produced about $100, and this swelled the total. Until Saturday there was a little more than $1,000 in Bruce Harm's bank. The Saturday event produced $1,112 and swelled the total to more than $2,000. The money from Monday's Mothers' March is yet to be totaled.

Upcoming are two big events for the polio drive. One, a dance at Michael's on Valentine's Day, Monday, February 14, will have various clubs selling tickets, at $1 a copy to the affair. A union band will contribute their services and Goldy said he would contribute all profits from Valentine's Day to the event. In addition, all income from the dance will go into the fund.

At Pal's, as soon as a date can be set, the four Marines who marched to Los Angeles to re-enact their retreat from Chosin Reservoir, will be guests at a banquet at Pal's. All income during the time of this event will go into the pot. This date will be announced next week. The public is invited to share in this banquet. A band from Kenny's Place, on Imperial Avenue, will supply the entertainment.

Contributions of Lemon Grove workers at their places of employment will swell the total. In all, it looks like the total will at least equal last year's record breaking total . . . and that ain't bad.

LEMON GROVE MAILING LIST NOW AVAILABLE

A mailing list has been assembled by the Lemon Grove Review covering every postal stop in Lemon Grove, Lomita Village, Brookside, American Homes and Vista La Mesa. In all there are more than 5,000 addresses and they have been spot-checked for accuracy.

With the ending of the "junk-mail" mailing privilege at the end of March, mailers will be required to use an address on every piece of mail instead of the former shot-gun address of "postal resident, local."

This list may be acquired at the Review at a nominal cost.

TRANSACTION IN WATER DISTRICT'S TAX-DEEDED LOTS REVEALED

Startling and previously undisclosed facts concerning transactions in tax-deeded property belonging to the La Mesa, Lemon Grove and Spring Valley Irrigation District by Lemon Grove's representative to the board of directors have been uncovered by a searching study of public records by the Lemon Grove Review.

Recordings show that Harry Griffen, 8305 Alton Dr., a board member since 1951, purchased many Monterey Heights building lots worth $2,500 each and more on today's market for less than $200 per lot.

What's more, records indicate that he purchased many of them while sitting as a director for the district he serves.

The study commenced when at least one aspirant for an irrigation district office dropped evidence enough on the editor's desk to encourage a more complete investigation. The study was completed just as the election approached. Revelations of these studies were delayed until after the irrigation district election to avoid having them labeled political propaganda. The purpose of disclosing them, naturally, is hopes of returning to taxpayers any loss which may have resulted from these transactions.

The Law is Clear

Water district law pertaining to such transactions is very specific. In the California Water Code, Part 3, Chapter 1, Article 6, Section 21195, the code reads:

No officer named in this division shall in any manner be interested in any contract awarded or to be awarded by the board or in the profits to be derived therefrom. For any violation the officer is guilty of a misdemeanor.

A specific instance of a transaction has to do with a deed issued to Griffen for a block of 48 lots in Hillsdale, according to map thereof, No. 1566 filed in the office of the County Recorder, March 31, 1953. These lots are numbered 1 to 30, and 32 to 50. This property extends east from Imperial Avenue towards Monterey Heights. (See reproductions.)

Lots 32 to 50, these run almost the entire length of the east side of Noble Street, were apparently negotiated for and purchased from the district March 1953, two years after he came to the board.

Prior to being seated on the board, Griffen purchased lots 1 to 30. This is recorded in book 3699, page 109, dated April 27, 1950. But on March 31, 1953 he acquired the deed for those lots, but added to it were lots 32 to 50 for which there shows no prior ownership in the chain of recordings. This is evidence that this was the first time these lots were sold by the district and sold to Griffen while he was a board member.

Sold Before Acquisition

Moreover, records show that the same block of lots were sold to a now defunct firm of builders, Bates and Garcia, of 4649 Muir Ave., S. D., by Harry Griffen on February 24, 1953 . . . five weeks before the district deeded the land to Griffen. Federal stamps show that a profit of $6,500 was netted by him. More important, lots 32 to 50 were kept from the tax rolls from 1949 until Griffen bought them, using a defunct agreement as a wedge. This agreement is the one which expired in 1949 and was between Mt. Helix Associates and the District.

This is the agreement referred to by various members of the district staff as being the contract under which all of Griffen's transactions took place. Griffen is presently an executive with Mt. Helix Associates.

The law does not permit such a contract to exist with officers of the district even if it were his own contract, and if it were still in effect.

The district's records show an agreement between them and Mt. Helix Associates dates 1947. At that time Griffen signed as secretary for the Mt. Helix group. Another agreement between the same two entities dated June, 1949, establishes December 31, 1949 as the expiration date for both agreements. In the first contract, Meyer Zung, who has since signed some of the deeds as assistant cashier of Mt. Helix Associates, signed as president of Mt. Helix Associates. In the second agreement, Harry Griffen signed as president with his wife, Margaret, as secretary. Neither agreement was in favor of Harry Griffen, per se. The district said no other agreements existed.

These agreements assign to Mt. Helix Associates some 203 lots in the Hillsdale Subdivision, many of which are very choice Monterey Heights homesites. The 38 lot parcel which Griffen took personal possession of while a member of the board are part of

ACTIVITY ON SCOTT SHOPPING CENTER TO START SOON

Improvement of the proposed $4 plus million Scott shopping center development on College Street near Broadway will get under way in two or three months, it was announced this week by George Scott, president of the Walker-Scott Department Store in San Diego.

"We are presently figuring what the property preparation cost will be in light of the State Department of Highways awarding of contracts for the Lemon Grove freeway," he said.

The freeway will touch one side of the site of the development.

"The two projects are tied together at this stage" Scott said, "because the first thing we must do is establish grades for building the inside road. This road will connect to the freeway and be dedicated to the city of San Diego."

The site is within the city limits but in the Lemon Grove School District. Scott reiterated his determination to leave it in the local school taxing area.

"We are anxious to get started," Scott reported. "Our architects have permitted us to draw in our aim. We now see the shopping center's opening in time for Christmas, 1956."

Previously, 1957 had been the anticipated opening date.

TOWN COUNCIL MEETING SET FOR SATURDAY

The proposed "town council" meeting of Lemon Grove residents has been set for Monday, February 7, it was announced last week.

The meeting will be held at the Lemon Grove Junior High School.

LOCAL NEWSMEN TO HEAD COUNTY UNIT OF CNPA

Two area newspapermen were named to head the affairs of the California Newspaper Publishers' Association's county unit last week at the first meeting of the year.

Simon Casady, editor and publisher of the El Cajon Valley News was named president succeeding Archie Hicks of Encinitas. Max Goodwin, publisher of the Bulletin, was named secretary succeeding Buzz Garland, editor and publisher of the Carlsbad Journal. Most all newspapers in the state, both dailies and weeklies, belong to the CNPA. This group, in turn is affiliated with the National Editorial Association to which most of the nation's newspapers, large and small, belong.

The election was part of a regularly scheduled business at the monthly meeting Friday night at the San Diego Club.

Rev. Apra Rejects Better Offer From Conference

An offer to serve as the assistant superintendent of the Congregational Conference of Southern California and the South West, was made to Reverend Dan Apra, pastor of the Lemon Grove Congregational Church, it was announced by Vera Ludlow, church secretary. "The proposal," she said, "represented an increase in income for Reverend Apra of about fifty per cent if he decided to take it."

Reverend Apra said that the territory would include Southern California, Arizona, and parts of Nevada, New Mexico, and Texas, with a total of 159 churches.

"While I feel deeply honored that the conference made me this honor, I turned it down because I do not feel that my job in Lemon Grove has been completed," Reverend Apra said. "There is much work ahead of me here."

Some drivers seem to think they should burn the road because an ancestor blazed a trail.

The Dimmer VIEW

by Max Goodwin

It looks to me, after that series of big Lemon Grove polio fund raising events last Saturday that the road to community harmony is a real possibility . . . if the vehicle is right.

Those members of various groups, service clubs in particular, who banded together to perform stunts and take part in polio gimmicks seemed to disclaim recurrent charges that the old town is about to fall apart. Spontaneous contributions of more than $1,000.000 on that day is concrete evidence, if there should be need for additional evidence.

Stunts engineered by polio chairmen Henry Goldy and Forrest Dokken were a departure from anything the community had seen before. Imagine anyone having the temerity to demand some of the more dignified citizens of Lemon Grove submit to having juicy pies shoved into their faces . . . but there they were, on a platform and shrouded in wrap-arounds with their more-or-less happy faces hanging out, ready for the pie ordeal. Bidders were mostly those who had some bone of contention. In any event, $175 worth of personal animosity went with the pies, that being the money taken in on the event.

Because of circumstances surrounding the pie episode, the slave auction did not materialize. However, both bidders and slaves were present.

Literally buckets of money were collected by the Lions Club in a road blockade. Here again were persons of different opinions on civic matters charging off in a single direction with a single goal in view . . . that being a successful polio drive.

This of course is the proper place to make a plea for the community to follow suit and continue to pull together, shoulder to shoulder, get the job done, live in harmony, and all that.

Only a very naive person hopes for such Elysian conditions with the material that is presently available to work with. For example, the Review publishes today proof of apparent irregularities in one of our most basic taxing authorities; a group of local residents with the scalp of the school superintendent in view, is actively opposing the school board's sincere attempt to solve an unprecedented population problem; another group is pot-

"Se recibio en esta Secretaria el atento escrito de usted fecha 4 del actual, con el que ya se da cuenta al senor Presidente de la Republica.-Atentamente."

"P.A. Del Secretario De La Presidencia, El Oficial Mayor, Luis Garcia Larranaga."

The above letter, obviously enough written in Spanish, was received by me from the United States of Mexico in the form of a "correograma." It was sent on the 15th of January, 1955, from the Nacional Palace in Mexico City. The translation:

"Your courteous note, dated the fourth of this month (January), was received in the office of the secretary. It has already been brought to the notice of the President."

"Sent from the office of the secretary of the President, the highest official. Signed, Luis Garcia Larranaga."

From all appearances it would seem that the President now has my letter and will, sometime in the near future, answer it personally in order to clarify himself on the subjects I questioned him. The windowed envelope had Mexico's emblem of the country, the eagle perched on a cactus with a rattlesnake in its beak and claws.

GROVE MAN TO RETIRE FROM SERVICE

A Lemon Grove man, Wiley W. Webb, chief yeoman, USN, will retire January 31 after spending 31 years in the Navy, enlisting in 1919.

A native of Whitsburg, Ky., Chief Webb lives with his wife, the former Myrtle Whipple of Jamestown, N. D., at 2280 Berry St., Lemon Grove. Their two daughters, Mrs. Beverly Gall and Mrs. Margaret Mehils, live in San Diego, both Navy wives.

Since 1951, Webb has been chief yeoman in charge of the administrative section of the Pacific Amphibious Training Command's Flag Office.

He held a World War II commission, serving as Chief Ship's Clerk.

During the war, Webb participated in Pacific landings of the Marshalls, Solomons, Marianas, Philippines, and Ryukus Islands. In addition, he participated in the battle of Leyte Gulf, where the Japanese Navy was dealt a crippling blow. He was in Tokyo Bay when the armistice was signed.

Among his 12 campaign bars and ribbons are the Presidential Unit Citation, Good Conduct with four stars, Asiatic Pacific Area with four stars, and the Korean Presidential Unit Citation.

KIWANIS TO MARK 40TH BIRTHDATE

About 20 Lemon Grove Kiwanis Club members and guests plan to attend the 40th anniversary party at Balboa Park Club in San Diego Saturday, Feb. 12, Dan Apra, Kiwanis Club president, said here today.

At least one television station will carry a program pertaining to Kiwanis birthday party. This will be on Harold Keen's program, Friday, Feb. 11.

Nearly 800 reservations have been made by club members in San Diego County, El Centro, Brawley, and Calexico for the dinner-dance being arranged in observance of Kiwanis, International's 40th anniversary.

Principal speaker on the program will be Harold Heimbaugh, governor of California-Nevada-Hawaii District of Kiwanis. Geo. Cox and Dr. Winton Oster are co-chairmen of the event.

CARNIVALS THRIVE

Television or no, Americans still like a good "in the flesh" carnival. Every summer some 350 carnival organizations tour the United States and Canada. They range from 60-railroad car shows to one or two truckload outfits. Merry-go-rounds, ferris wheels, other rides, games and side shows are still the carnivals' stock in trade.

EARL SMART TO HEAD HEART FUND DRIVE

W. Earl Smart, prominent local attorney-at-law, has officially accepted appointment as Lemon Grove area chairman of the 1955 Heart Fund Drive which began Feb. 1, it was announced by Melvin N. Wilson, general chairman.

According to Smart, "During the annual February Heart Fund Drive, the San Diego County Heart Association is appealing to Lemon Grove residents for $900 as part of the 1955 $90,000 goal to be used for maintaining one of the nation's most complete and most modern heart centers, now being installed in Donald Sharp Memorial Hospital on Kearny Mesa. The facilities of this heart center are open to all San Diego County residents. The funds raised during the drive will also support a specific program for fighting disease through research, education and community service."

Smart pointed out that though the Heart Association does no house-to-house solicitation of funds, he does need volunteer workers to assist him in distributing the red plastic heart containers and other duties during this February drive.

NOTHING IS FRESHER Than MAYFAIR PRODUCE

Mrs. L. F. Bathel, 3863 Gayle St., is the mother of two youngsters, Cheryl, 9, and Janet, 5. Her husband, like many others of our patrons, is in the Navy.

"Just say we like everything about Mayfair," Mrs. Bathel said. "We like the variety, the prices and the cleanliness. We like the location and the people who work there."

Mrs. Bathel is right . . . that does just about cover everything.

Mr. and Mrs. McFarlane, Lion's Valley, Calif., are hearty eaters, they say. He is a mechanic and everyone knows a mechanic uses lots of energy.

"We like the personnel of Mayfair, they're so friendly and cooperative," they chorused. Like most of our other patrons, they gave "prices" as being an important factor. "They're low and we like that," they said.

All-year-round crispy garden fresh vegetables are a California heritage and that's one of the reasons Mayfiar is so particular about the vegetables it displays.

Much of the nation depends on California for fresh vegetables throughout the year. With it growing at our back door all year long, we should enjoy the freshest produce in the country.

Mayfair's huge trucks make paths from the ranches to our markets almost hourly. It would be a shameful waste if more than a few hours separated you from the moment that produce was plucked.

This week as we feature our produce department in our "price ads" in the daily papers, you'll know that you are able to get "more quality and freshness for your money" at Mayfair.

Helen Joyce, wife of a Navy man, lives at 8195 Lincoln St., and is an employee of the telephone company.

"I like the big variety, the attractive displays and most of all, the reasonable prices," Mrs. Joyce said. "We do practically all of our shopping at Mayfair," she added.

Mrs. B. G. Collier, 1749 Engelwood Dr., in Monterey Heights, whose husband is connected with Standard Stations, says, "It's a real treat to have such a big market so close. We are particularly pleased with Mayfair produce. Everything is so clean and fresh."

The Colliers' have two children, Christine, 4, and Michael, 7. "They've got good appetites, too," Mrs. Collier said.

ELEMENTARY SCHOOL STUDY GROUP STARTS

The local residents interested in elementary schools will make up a local study group which will begin meeting Monday, February 7 at 7:30 p.m., at the Golden Avenue School, according to Clarence H. Allen, principal of Vista La Mesa Elementary School.

"The group study will be on characteristics of good elementary schools," Allen said. "It's also an effort on the part of school people to interest more citizens in the school's functions."

This is a part of a statewide project set up to discover what the people of California want their elementary schools to be like. The Cooperative Study of Elementary Education in California, as the project is named, is sponsored by the California Elementary School Administrators' Association.

During the past two and one-half years, hundreds of Californians, professional educators and laymen, have been making surveys, soliciting opinions and studying practice as a background for a first report. This report, consisting of 110 statements of "Characteristics of the Good Elementary Schools," has now been released for study by local groups such as the one here. In its work the group will react to the statements of "characteristics" giving their approval, their disapproval, or suggesting changes or additions.

From the reactions of the many persons who participate in the study groups, a final statement is to be published which will describe the kind of elementary schools the people of California want. It is assumed by those working with the study that such a statement can be used by professional educators and laymen as a guide to elementary education in the state and as a measure by which the achievements of elementary education can be judged.

Allen suggested that additional persons may join the group which is now organized, and if sufficient interest is shown, other groups can be established quite readily.

Allen may be reached at HO 6-1119.

A blossom display will round out a most interesting evening's entertainment.

Show is scheduled for February 26 and 27 in the Recital Hall, Balboa Park, where it is expected the finest display of Camellia blossoms ever shown in this city will be presented. All growers of Camelias are invited to enter their blossoms. Entry blanks and show schedules will be distributed to prospective exhibitors during the evening.

Visitors are welcome.

The Chestmobile of the San Diego Department of Public Health will begin X-raying Lemon Grove residents, Friday at 2 p.m and continue until 9 p.m. On Saturday the mobile unit will operate from 10 until 5 p.m. The operation has been streamlined and registration prior to the X-raying has been reduced to filling out one card. The only information necessary is the name and address of the pesron being X-rayed.

Evening hours have been set up to insure that all persons in the area will be able to take advantage of this public service. Local leaders urged that all persons bring a "Senior Citizen" in for an X-ray.

The Senior Woman's Club will provide transportation to and from the Chestmobile for any person calling HO 6-3178 or HO 6-5101.

Mrs. E. E. Johnson, chairman of the Lemon Grove X-ray Survey Committee said, "Both newspaper publicity and coverage of the area by posters and hand bills have been excellent; the Chamber of Commerce and the Lions Club are to be congratulated for a job well done."

Another committee which has been formed to make the survey a success is the Hostessing Committee of the Business Women's League and the Lemon Grove Junior Woman's Club. The women serving as hostesses Friday are: Marti Titmas, Mickey Hatton, Inez Bellows, Sarah Betts, Louetta Zisk, Audrey Miller, Carmel Rehberger, Louina Rubin, Patti Castle, Betty Martin, Yolonda Jones, Eleanor Gurney, Mary Little, Connie Meyer, Thelma, Carr, and Jean Johnson, all of the Junior Woman's Club. Annual Community Concert Drive Plans Revealed

The ninth annual membership drive of the Grossmont Community Concert Association has been set for the week of February 28 to March 5, according to Hugh Sessions, president, who added that if a capacity membership is reached, an additional concert of superior quality would be assured. The usual number of concerts for Grossmont has been four.

Mrs. James B. Harter, newly appointed membership drive chairman, has begun plans to make this year's drive successful enough to meet the goal set. She has chosen Mrs. Gilbert Harelson to spearhead the intensive one-week drive in La Mesa. Chairmen for surrounding areas will be announced later.

Specific plans for the drive will be made at a meeting of area chairmen and workers which Mrs. Harter has called for February 17, 8 p.m. at Lemon Avenue School.

The campaign will open with the annual dinner meeting for all workers and directors at Rose Hedge Manor on Monday, February 28, at 6:30 p.m.

Grossmont is a member of Community Concerts Association. There are more than one thousand Community Concert centers in the -United States, Canada, Mexico, and Cuba. They are non-profit, locally directed groups affiliated with Columbia Artists Management, booking agent for artists. Members may attend concerts in any Community Concert center. Other communities in this area sharing in this reciprocal plan are Chula Vista, Coronado, and Oceanside. Each association presents from three to six concerts every season, depending upon the number of memberships sold. A minimum of three concerts is guaranteed for each series; however, Grossmont has always had from four to six.

Grossmont enjoys a national repuation among artists for being a responsive, courteous audience of the type that artists enjoy playing for; therefore they come prepared to give their best because they konw it is appreciated. Grossmont's concerts of the past have included: The London String Quartet, William Primrose, Goldberg, Erica Morini, Firkusney, Bartlett and Robertson Dual Pianists, the Paganini String Quartet, Alec Templeton. Grossmont members attending Coronado's concerts have enjoyed: Albert Spaulding, Nan Merriman, John Carter, Nadine Conner, Don Cossack Dancers, Vronsky and Babin and many other outstanding artists. Chula Vista, youngest member in this area, has had among others: Vivian Della Chiesa, Joseph Battista, Angelaires, Paganini.

Grossmont's program this season has included Men of Song Quartet and the Corelli String Ensemble from Italy. Forthcoming concerts will bring Frances Yeend, lyric soprano, on February 21 and the Philharmonic Piano Quartet on March 22. This last concert will be a "Welcome-New-Member Concert" available without extra charge to new members joining the association the week of February 28 to March 5.

Memberships are available only during the week of the annual drive and admission to concerts is limited to members. The cost of each membership is $6 for adults; $3 for students.

MUSIC PARENTS CLUB GETS COMPLIMENT FROM NEW YORK

The highlight of the January meeting of the Music Parent's Club was a letter from Mrs. Elizabeth A. Wilkens of New York City. Mrs. Wilkens, a music teacher for many years in New York, was a visitor in Lemon Grove during the Christmas season and attended the Christmas pageant at the Lemon Grove School. She mentioned in her letter that in all the years as a music instructor she had never seen a better presentation of a school musical program.

Plans for the spaghetti dinner were completed and carried out most successfully. The dinner was held on January 6 and the financial return to the uniform fund was most satisfactory.

The next meeting will be held at 7:30 p.m. on February 7, in the music room. Entertainment for the evening will be provided by the Girls' Violin Trio, composed of Barbara Thomas, Ethel Boucher, and Linda Smith.

Hostesses for the evening will be Mrs. R. C. Harlan, and Mrs. Vera Graham.

LETTERS TO THE EDITOR

Dear Max:

I am breaking a precedent of mine in writing this letter because I have always felt that comment on editorials is not appropriate, the editor always having an advantage over a subscriber. I feel that editorials are the frank and honest opinion of the Editor and Publisher. I am writing this because your editorial column headed "The Dimmer View" involved the name of another person with my own.

My fondest hope is that Mr. Tony Sonka thinks as much of me as a brother-in-law as I do of him. My number one reason is that I am very deeply in love with his sister just as I know you are with Mrs. Goodwin. Second, I have known him for many years and I know of many fine traits of character which are his. He has long been a taxpayer in Lemon Grove just as you and I. I could even go a little further, I believe, and classify him in my opinion as a philanthropist. I am certain many others share the same thought.

In a community such as ours it often happens that there are differences of opinion meaning that none of them are all wrong or all right. Therefore, I feel that anyone who has the urge should devote his own personal time to the things which he selects as an interest, including you and I. Yes, Max, there will be a meeting at 7:30 p.m. on February 7, at the junior high school auditorium at which time some gentlemen who have been invited will discuss subjects of interest to ladies and gentlemen of Lemon Grove who show interest enough to attend the meeting. It is not going to be a world shaking event but we hope it will be of some benefit. Max, I think you have the courage to publish this letter verbatim without annotations.

Let me wish you and your paper a most successful year during 1955. It can happen.

Sincerely,
L. J. Thompson

School Districts Workshops Attract Big Turnout

One hundred and forty representatives from school districts of Southern San Diego County attended a cafeteria workshop dinner meeting last Wednesday evening, January 26, at the Lemon Grove Junior High Cafetorium. Administrators and school cafeteria personnel exchanged ideas under the leadership of Miss Violet Brughelli, supervising nutritionist of the State Department of Education, and Mrs. Nell Cox, state nutritionist for San Diego, Orange, and Imperial Counties.

Main topics for discussion included vitamins A and C and the preparation of daily menu work sheets in schools. Electric rates will rise 38% in Lemon Grove, Spring Valley and other unincorporated areas if the Public Utilities approves a request for a general rate increase made in December, it was announced by H. G. Dillin, vice president of the company.

Dillin told a group of county newspaper publishers at their regular monthly meeting that a variable scale had been worked out. La Mesa and El Cajon will suffer a 28% increase.

DEPT. OF MOTOR VEHICLES CHIEF IN GROVE

Keith Ball, Sacramento, chief of the Division of Field Office Operations, California Department of Motor Vehicles, was a visitor in Lemon Grove Friday.

He said that he was checking over locations in the La Mesa area for an office for the department to serve this area.

Ball said that they were utilizing all legislation available to make it more convenient for autoists to complete their business with the Department of Motor Vehicles. He said the new business machines perforated cards would shorten any line-waiting that now exists.

He also said that district supervisors of the department have been instructed to make a personal call on citizens with legitimate complaints.

"It not only helps us with a tough public relations job we face but calls tell us things we need to know about the department."

He said the toughest single public relations problem the department faces is with that group who reaches the age where their eyes no longer meet the minimum requirements of the law.

"I guess nobody likes to discover he's beneath established standards," he said.

With Ball was his supervisor of branch offices, S. V. Kinley.

Here's Nancy Flinn reminding you that the 1955 San Diego International Automobile Show is in the Electric Building in Balboa Park now thru February 6.

!THE SHOW'S THE THING!

For those who receive ecstacy by the flora and fauna of Africa in all its splendor, the movie, "Duel in the Jungle," is a pretty good example of beauty, but was written with a not-too-hot-plot. Playing at the Grove theater, tonight through Saturday, it stars Dana Andrews, an insurance investigator; Jeanne Crain, the villain's fiancee; and British actor David Farrar, the villain, an adventurer-crook and a prospective murderer. Farrar, who is in connivance with a London cousin of his, finds, what he thinks, is a diamond bed off the shores of Nigeria, Continental Africa. While he's prowling the ocean depths in search of some wealth, his company runs low of the green stuff so Farrar insures himself for two million dollars with Andrews' company, payable to Farrar's company upon his possible demise. Andrews learns of Farrar's escapades and decides he's a bad risk, goes to London, tells off the previously mentioned cousin, then hears that Farrar, poor chap, was washed overboard from a ship. At the same time Miss Crain leaves London under mysterious circumstances. Andrews follows, catches up and manages to run into several trivial obstacles, i.e., lions, snakes, leopards, and Farrar henchmen, all with a goal of hurrying Andrews' life to the hereafter. The ending is a bit unusual, and since it would be telling, you'll have to see the movie to find out what happens to the gang. The movie is very active and colorful, but if you miss it you're not missing too much.

The companion feature with "Duel in the Jungle" is a movie titled "Fire Over Africa." Against authentic Spanish and North African backgrounds, photographed in technicolor, MacDonald Carey and Maureen O'Hara star in this cloak 'n dagger story set in Tangier, concerning smugglers, highjackers and the efforts of the international police to control them. The Saturday matinee feature is "Brimstone" starring Rod Cameron.

Coming attractions (Sunday, Monday, Tuesday) is "She Wore a Yellow Ribbon," with Henry Fonda and Joanne Dru. The co-feature is "Phantom of the Rue Morgue," with Karl Malden and Patricia Medina.—B.T.

HAVE A CIGAR

Cigar smoking is on the increase. Cigar consumption in the United States and by overseas forces in 1953 totaled 6,150,000,000—more than any year since 1930.

Despite the possible link between cigarettes and lung cancer, cigarette output accounts for four-fifths of all tobacco consumed. Pipe smokers appear to be still in the decline as are tobacco chewers and tobacco snuffers.

Surprise! . . . "Surprise," "Happy 19th birthday" and "Let's eat," were heard last Friday night in the home belonging to Barbara Westlund as she was the hostess of a surprise birthday party for Buddy Davis, '54 grad. It went over very well and all concerned had a good time. The party was just for a few select buddies of Buddy who really lived up the evening by wiggling (dancing) on the floor to the music of Big Jay, Nat Cole, Chet Baker, Sauter-Finegan, The Crows, etc. The food, cake, ice cream and punch was guzzled post hastely and the crowd copped the breeze at 1 a.m. The "birthday gang" was Pat Chiville 'n Dave Berquist, Barbara Westlund 'n Buddy Davis, Frank "The Deuce" McCabe 'n Nancy Madson, James "Jungle Jim" Ethridge and his date, Beverly Rowman 'n Jim Hutchins, Inkie Leanton 'n Bob Turnbull, "Snowball" Westlund and Lynn Westlund 'n Gail Stuckey.

Don't forget to have your TB X-ray tomorrow and Saturday in front of Rella's Shoe Store in Lemon Grove.

There are more Navy personnel serving in destroyer-type vessels than in any other category.

Would you like this for Lemon Grove?

The pool, of course, is what we had in mind but the young lady in the exciting costume will be visiting all the service clubs in Lemon Grove, clad in her lilac bathing suit trimmed in the same flower, to impress on the residents that Lilac Time, can and will come to Lemon Grove on March 12 of this year, in the fashion show sponsored by the Lemon Grove Woman's Club Juniors for the benefit of the Swimming Pool Fund.

Walker Scott of San Diego will furnish the fashions and tickets are now on sale.

An innovation will be introduced this year by having two showings, one in the afternoon, a luncheon, the other a smorgasbord in the evening.

Watch for your favorite businessman wearing one of the lilac sprays to show he or she is helping the community's swimming pool project.

Attorney for District Explains

William Jennings, attorney for the district, said that at the time of the sale of these lots, he understood Mt. Helix Associates had been dissolved and that Mr. and Mrs. Griffen were successors to the firm. Mt. Helix Associates is still operating under that name, however.

Jennings said that the agreement between the district and Mt. Helix Associates had expired some time before. (Records show that the agreement expired on December 31, 1949, or four years and nine months before Griffen deeded the property to Bates and Garcia.

Jennings said that he had been assured by members of the district administrative staff that the Mt. Helix contract was still in effect at the time of Griffen's purchase of the lots in question. "If there are any irregularities on the part of Mr. Griffen they are not with the knowledge or consent to the district," Jennings stated.

Mt. Helix Associates does not appear in the chain of recordings of 48 lots and others which Griffen was permitted to purchase while a member of the board of directors.

Byron Miller, general manager for the district, said that the district's assesor (James Squire) is responsible for preparing deeds and contracts and that he supervises all activities in connection with deeds on tax-deeded property. His duties are not listed as a part of the Water Code but are nominally the operating procedure of water districts. He said that it could be a matter of a "mistake" if Griffen's name were put on the deeds by the assessor. He also stated that he understood Mt. Helix Associates had been dissolved, and in his opinion it was proper for these deeds to be issued in the Griffens' names in that they were members of the firm named in agreement. Miller said he couldn't explain the reason for continuing the transactions after the expiration of the agreement. (In recent years Charles Wilson, of General Motors, gave up his stock under a law somewhat similar to the Irrigation District laws, to serve the federal government.)

James Squire, district assessor, said that he was required to fill out papers for deeds for anyone who has a legitimate right to them.

He said that deeds were issued only after approval of the board. He also said that anyone has a right to purchase tax deeded lots. The object, he pointed out, being to get them back on the tax rolls. He said that several pieces of property under the Mt. Helix Associates and Irrigation District agreement were still being held open. He said these could not be sold unless the board of directors released them.

Squire said that Griffen apparently had been executing a deed of trust to a buyer before he acquired title to it, then evidently he picked up the quit-claim deed from the district. This, Squire said, would hold it off the tax rolls until after he sold the property.

If this is correct as indicated by the records, funds from the sale of tax-deeded property was used to purchase it from the district, requiring no capital outlay on the part of the board member Griffen.

Anyone May Buy

Squire said that if the agreement was dead anyone would have a right to purchase property originally covered by it. He was not able to state that lots could be picked up for the price listed in the Mt. Helix agreement. "It would be a matter for the board to decide." he stated.

Still off the tax rolls, apparently a result of the "dead agreement" between Mt. Helix Associates and the district, are Hillsdale lots numbered 184, 185, 186, 277, 278, 279, 280, 281 and 282, all of which are in the vicinity of Ensenada Street in Monterey Heights.

General manager Miller said that these lots could be purchased by the public-at-large through negotiation with the board. He said that as far as he knew they were avaialable for sale at the expiration of the "Mt. Helix agreement." This is the agreement which expired in 1949.

McGee Realty, 3492 Main St. in Lemon Grove, was commissioned by the Review to negotiate for these lots in Monterey Heights. Irrigation district manager Miller reported that the lots were available but the price would be a matter of negotiation between the purchaser and the board of directors.

He told C. C. McGee Jr. of the realty firm that taxes to date would figure in the price. He did not indicate what price would be the basis for negotiation.

Margaret Penry, secretary for the district board, said that each transaction on tax deeded property comes up for board approval, although some are lumped together when several lots are a part of one parcel. Under such an arrangement, Griffen would have been acting in his own behalf on some of the property he acquired if he voted on the sale of the property he purchased.

Grand Jury Charges

Last year an omnibus charge was lodged against members of the irrigation district board by a district resident, William J. Miller (not related to the district manager). The grand jury, then in session, failed to act on these charges. Miller at the time was head of the Mountain Valley Taxpayers Association.

Griffen said, "The grand jury exonerated me of any guilt on those charges."

"At the time of the purchase of these lots the agreement between me and the irrigation district was valid. The 1953 grand jury and district attorney scrutinized these transactions carefully and said there was no cause for action," Griffen said.

"As a matter of fact some parts of it are still in effect due to the lack of performance on the part of the district," he stated.

The grand jury neither exonerates nor penalizes. It decides whether action is indicated based on evidence supplied with the charges. Grand jury records are not available to the public.

Legal observers say taxpayers should be able to affect recovery of their loss should irregularities be proven.

Sheridan Hegland, newly elected assemblyman from this legislative district, said last week that he would study legislation requiring that tax deeded property be publicly advertised for sales.

He also said that he would study legislation requiring governmental bodies with taxing authority, such as hospital and irrigation districts, to submit for public bid all expenditures in excess of $500. This is presently required of school districts. At present, irrigation and hospital districts may purchase by negotiation.

The opening of these records by the Review was done in hopes that taxpayers would benefit.

Countercharges are flying thick and fast alleging harrassment, unfair tactics, incomplete evidence and prior proof of innocence.

To all this the Review says, "Here's the record. . . ."

Man Sued for $36,631 In Boy's Death

A Lemon Grove man, whose auto fatally injured a boy in Brookside last November, was sued for $35,631 in Superior Court.

The boy, Edward Long, age 12, son of Mr. and Mrs. Marland Andrew Long, 3610 Fairway Dr., had just alighted from a school bus on Highway 94, and was walking home when he was struck by the car driven by Dail.
